Summer 2021

Spartan Families,

It is with great pride and excitement that I write this letter to you as the returning principal of Canton College Preparatory School for the 2021-22 school year! After moving to Ohio from my hometown of Detroit, I joined the Canton College Prep family when we first opened our doors 9 years ago. My administrative experience has been shaped by three years of successful leadership as the Dean of Students and five years as the principal serving the staff, scholars and families of Canton College Prep.

The Spartan community has continued to enjoy tremendous growth as a beacon of academic excellence for our city. The success we've experienced has not materialized by accident. It has been through the hard work, dedication, and partnerships that have existed between school staff, parents, community members, and most importantly, the scholars. I am extremely humbled and most appreciative to be returning to our community as the principal of this educational family.

As a part of the community we serve; we stand with you in the fight for safety, dignity, opportunity, reform, and justice. Our primary platform is through education. In our country, the circumstances children are born into often predict the educational opportunities they will have before even stepping foot in a classroom. The truth is that a child's potential knows no race, income, ethnicity, or gender. It is present across all communities and all lines of identity. We accept the responsibility of nurturing this potential through passionate educators that empower their students to learn, lead, and follow their passions into a successful adulthood.

During the course of the year, it is my hope that we will continue to work together to provide our scholars the best possible opportunities in preparing them for a college preparatory high school that ensures acceptance and graduation from a four-year college or university.

My door remains open and I welcome your input. Please feel free to stop in or call to make an appointment to discuss any concerns, suggestions, or ideas to help make our 9th year the best year yet!

Serving you,

Darryl Lindsay
Principal
